

# ANDRÉ RODRIGUES

FRONT-END DEVELOPER  
UX/UI DESIGNER

## PROFILE

A motivated and personable web developer eager to help establish quick and long-lasting solutions, relationships, and assist in developing and implementing high-quality products.

## RECENT EXPERIENCE

**Front-End Developer** 2022 - NOW  
Sky

- Developing and maintaining a scalable global platform used by people around the world with millions of views per month - Peacock;
- Own the development process, participating in product design discussions, writing and reviewing code, assuring quality and the strategy for the development through React and Redux;
- Advocate for product quality, security, and performance improvements through testing frameworks, performance testing, and unit testing.

**Lead Front-End Developer & UX/ UI** 2021-2022  
Wise Sparrow

- Created and optimized projects using basics (HTML5, CSS3, and SASS) and modern frameworks like React.js and React Native;
- QA through testing frameworks, performance testing, and unit testing;
- Applied mobile-first approach strategy, advanced responsive web design, and SEO optimization;
- Designing, prototyping, and leading the implementation of customer-facing solutions;
- Work in CD/CI, in an agile environment using Azure DevOps.
